

Lumberock Coastal: Built Tough for Life's Wild Adventures.

At Lumberock®, we craft premium composite decking and dock board solutions designed to last a lifetime. Engineered with a mineral-filled polymer formula, our products resist moisture, mold, mildew, insects, and UV damage, making them the ultimate low-maintenance choice for any environment. From backyard decks to marinas and public spaces, Lumberock delivers exceptional durability and performance. Our commitment to quality and innovation ensures reliable solutions for residential and commercial applications. Whether you're building a retreat, a waterfront structure, or a high-traffic public area, our products offer unmatched strength, beauty, and value.

We proudly serve:

- **The Rugged Adventurer**, seeking durable decking to match their active, outdoor lifestyle.
- **The Coastal Enthusiast**, who needs elegant, weather-resistant solutions for waterfront living.
- **Lumberock Artisan Customers**, including commercial developers requiring custom composite solutions for applications like marine docks, park structures, and horse stalls.

Lumberock is more than decking; it's a commitment to sustainability, reliability, and timeless design. With products built to thrive in any condition, we deliver "The Last Deck Board You'll Ever Need."

The Classic Collection

The Classic Collection by Lumberock® combines timeless elegance with unmatched durability, offering a perfect blend of style and strength for decks, docks, and patios. Made with premium composite materials, these boards resist fading, cracking, and warping, ensuring lasting beauty. Low-maintenance and eco-friendly, the Classic Collection stands up to the elements, making it the ideal choice for homeowners who value resilience and sustainability.

Traditional Charm Meets Modern Durability

Lumberock Premium Porch Flooring is the ultimate solution for outdoor enthusiasts and coastal homeowners who demand durability and style. Our innovative extrusion process combines high-density polyethylene with a proprietary mineral-filled compound, creating a solid, waterproof, rot-resistant material. Designed to withstand harsh marine and weather conditions, Lumberock offers low-maintenance performance and a timeless aesthetic, making it the last porch flooring you'll ever need. Ideal for both classic and modern porches, Lumberock porch boards are available in a variety of colors to match your home, ensuring a perfect fit for any style.

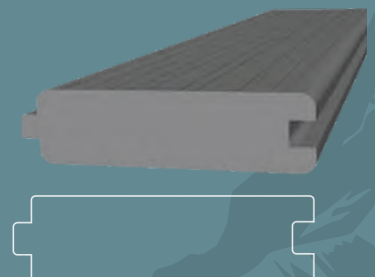

Porch Board Flooring

Lumberock Premium Deck boards are solid, slim, and lightweight. We offer an embossed woodgrain pattern on one side and a smooth profile on the reverse side.

Actual Dimensions: 0.75" x 3.125" (19mm x 102mm)

Available Sizes: 8', 12', 16'

Lumberock Premium fence Board

Lumberock Fence Board is a superior building material engineered to be as strong and durable as it is beautiful. We use an innovative extrusion technology to combine high-density polyethylene along with our proprietary mineral-filled compound, creating a rock-solid, waterproof, rot-resistant material that can withstand the harshest conditions. These slim, lightweight fence boards can be incorporated into many fencing applications and can be supported by both natural wood and steel frames.

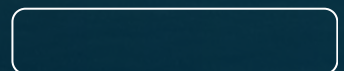

Fence Board

We offer an embossed woodgrain pattern on one side and a smooth profile on the reverse side. Available in straight edge or dog-eared edge.

Actual Dimensions: 3/4' x 5.9'

Available Sizes: 6'
