Quality Shutters for Any Home

Our high-quality shutters are built to look as good as your home — whether it's brick, stone, vinyl siding, stucco or wood.

A STYLE AND COLOR FOR YOU

Our three elegant panel styles create the perfect fit for your home. Ply Gem offers classic styles like the Louvered design, Board & Batten design, as well as the Raised Panel design.

Our shutters are available in more than 20 classic colors, factory finished to ensure quality and consistency. And when styles change they can also be painted with a high-quality latex paint.

VIRTUALLY MAINTENANCE-FREE

Ply Gem shutters retain their high quality and vibrant color through the life of your home, and are virtually maintenance-free. We achieve this tremendous quality through our use of advanced UV stabilizers and a tough acrylic coating, which minimize the effects of sun, rain and wind.

INDUSTRY-LEADING WARRANTY

All of our high-quality shutters are built to last a lifetime. Ply Gem shutters will not split, crack or peel. In fact, we feel so strongly about our quality that we offer a Limited Lifetime Warranty on all of our shutters.*

RAISED PANEL SHUTTERS

Raised Panel shutters offer the unique, turn-of-the-century look of the grand homes of the South, but with a contemporary richness and style. Their simple lines create a striking profile to your home that is reminiscent of our early American heritage. Ply Gem's Raised Panel shutters can be purchased in a variety of colors and sizes and come with our Limited Lifetime Warranty. They can be paired with matching transom tops or arch tops for added height and impact.

LOUVERED SHUTTERS

Nothing gives your home a classic look like Louvered shutters. Steeped in the traditions of American history, our elegant Louvered shutters provide the perfect finishing touch to your home by capturing the rich, natural woodgrain texture of real wood shutters — but without the splitting, cracking and peeling. Ply Gem Louvered shutters can be paired with arched tops to accent circle top windows.

BOARD & BATTEN SHUTTERS

Open or closed, 3- or 4-Panel, Board & Batten style shutters add a rustic look to any home and are perfect for a variety of design styles, from Country to Craftsman.

RAISED PANEL

BEAUTIFUL COLORS

Ply Gem shutters are available in more than 20 beautiful colors, specially selected by our color expert.

ELEGANT ARCHED TOPS

Our arched tops add height and elegance to the shutter's appearance. Available for our 15″ Raised Panel and Louvered standard shutters, these extensions give an added look of richness to your home's exterior.

SHUTTER ACCESSORIES

Our decorative hinges and hooks complete the look of traditional working shutters — without the maintenance. Like our shutters, they're fade-resistant and built to last.

DETAILS

Ply Gem's tab-free construction, realistic beaded detail and clean edges mimic the look of real wood shutters. Inferior products often use tabs that when removed leave obvious plastic jagged edges.

INSTALLATION

COLOR-MATCHED SCREWS

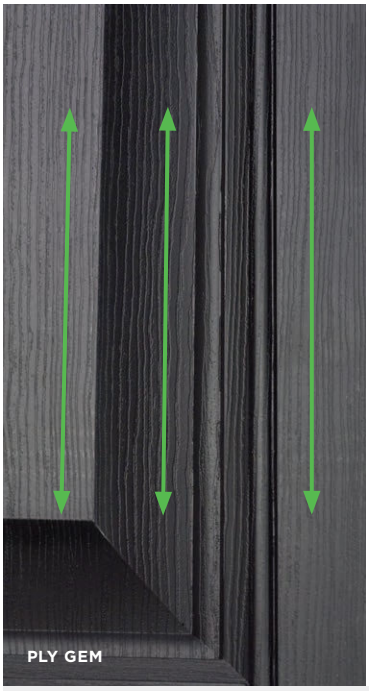

COLOR-MATCHED PLUGS

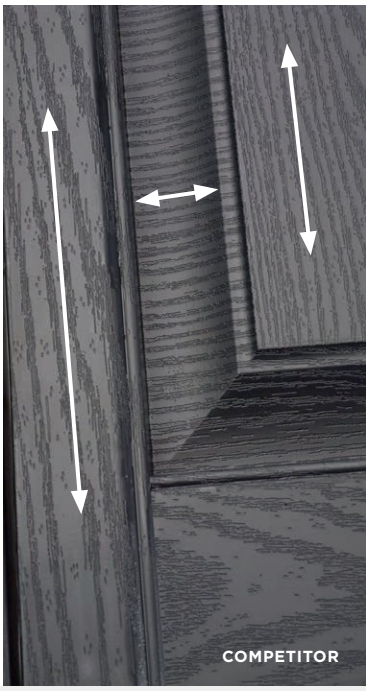

INVISIBLE CLIP MOUNTING SYSTEM

Ply Gem raised panel or louvered shutters offer several installation options: plugs, matching screws or optional hidden fasteners. Both plugs and matching screws are supplied standard with all Raised Panel and Louvered shutters (unlike some of our competitors who provide only plastic plugs). Unique to Ply Gem, our Board & Batten shutters have a hidden installation feature shown above. The batten slides over to hide the screws.

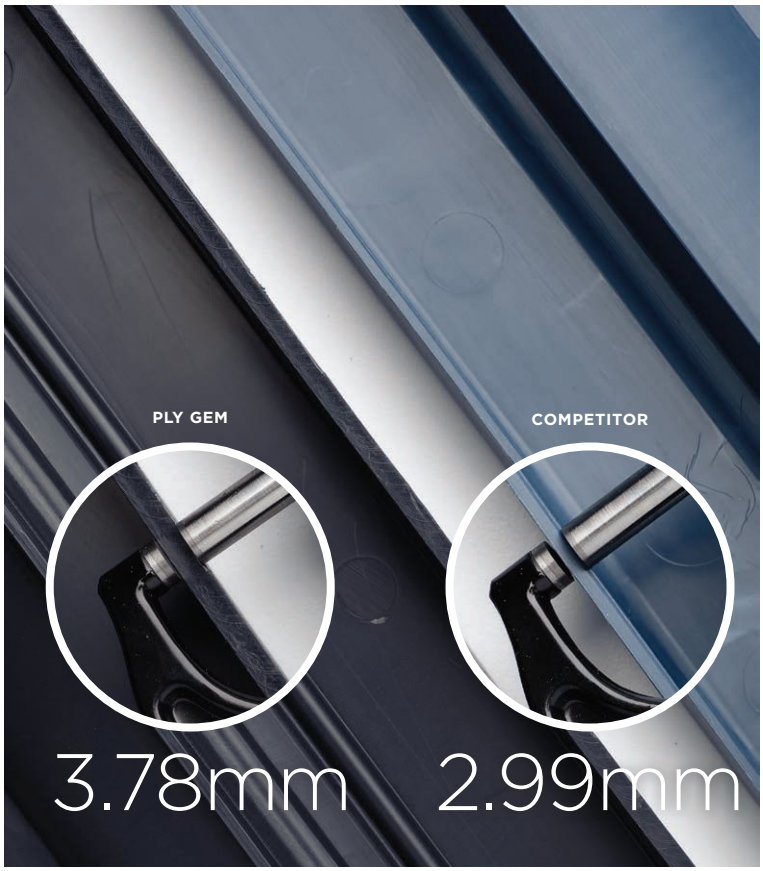

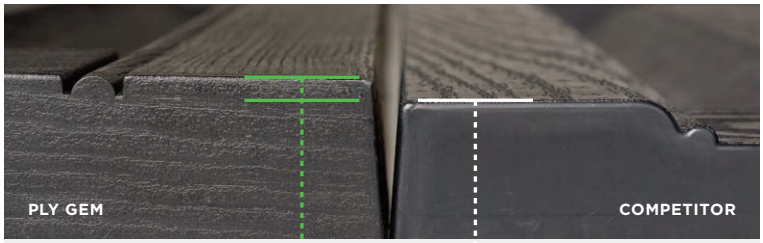

Authentic

Real beauty comes from realistic woodgrain. Ply Gem shutters accurately depicts the grain of real beveled wood panels on every edge and surface. Our competitors' grain runs in multiple directions, and doesn't extend beyond the shutter face.

Substantial

Thicker is better. Ply Gem shutters are up to 21% thicker and have up to 1/8" thicker profile than competitor shutters. Our thicker gauge construction adds strength and rigidity for reliable performance and durability. The thicker profile supports greater profile depth that creates realistic shadow lines.

Our reinforced construction resists warping and results in a heavier, sturdier shutter. In fact, Ply Gem shutters weigh up to 25% more than the competitor's.

Durable

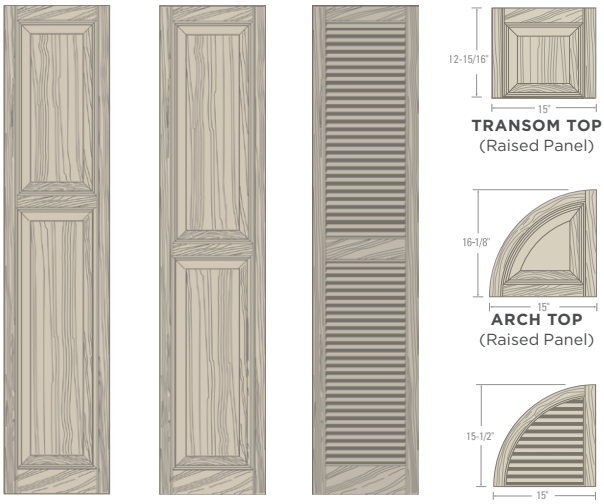

Scratch ours and you can hardly tell; scratch theirs and you'll see what they're made of. Our baked-on lacquer finish resists fade and retains beauty season after season. Their color-through coating scratches easily and can fade over time.

As well as being scratch-resistant, Ply Gem shutters accept latex paint beautifully, so if you want to update your look, you can. Latex paint can peel off competitor's shutters over time.

Color & Style Selection

Choosing the right Ply Gem shutter for your home is easy. First, select the color that complements your home's exterior. Then, choose the style that best suits your personality. Add arch top or transom top extensions for added height and elegance.

Mounting **Blocks**

Mounting blocks are used to install electrical outlets, water faucets, light fixtures, mailboxes, house numbers and even doorbells.

QUALITY ASSURANCE

Our mounting blocks are built to withstand the toughest weather and retain their color and beauty over the life of your home. They will not chip, crack or split. All of our mounting blocks are backed by our Limited Lifetime Warranty.

SIMPLE TO INSTALL

Our mounting blocks have a two-piece design that easily adjusts from ½" to 1¼". This feature allows for easy installation over a variety of siding choices, including insulated vinyl siding.

UNIVERSAL LARGE/JUMBO J-BLOCK MOUNTING BLOCK

A PERFECT COLOR MATCH

Ply Gem Blocks and Vents are available in more than 100 colors to match or coordinate with leading siding manufacturer's color.

Vents

We design vents for a variety of uses and all of our vents are engineered to prevent intrusion by birds, insects and animals, and are made to last for years to come.

UTILITY VENTS

Our utility vents are sturdy and provide excellent cross-ventilation of garages, foundations, and range hoods. The Louvered Exhaust Vent is ideal for removing the moist air of dryers and bathrooms. Intake louvers and soffit intakes work in tandem with the vents to maximize the flow of air.

GABLE VENTS

For the perfect finishing touch to your home, our gable vents are offered in round, half-round, square, octagonal, and rectangular styles to fit the look you want to create. Best of all, our uniquely designed snap-on system is easy to install, helping to keep your attic ventilated and temperate.

	NEW  **FOUNDATION VENT**	 **LOUVERED EXHAUST VENT**	 **SOFFIT INTAKE/ EXHAUST VENT**	 **HOODED EXHAUST VENT**
Uses	The Foundation Vent is used to ventilate crawl space areas. Moveable louvers can be locked open or closed and the molded in screen helps prevent pest intrusion. The two-piece design allows for quick and easy installation and is flexible to be installed on homes utilizing various construction methods, including wood-frame and masonry.	The Louvered Exhaust Vent is used to vent dryers and bathroom exhaust fans. The unique design includes a built-in grid to prevent bird intrusion and a 10" long metal tube that can be used for extra thick walls. Design allows for open or closed flaps.	The Soffit Intake/Exhaust Vent provides necessary air movement through the attic and roof system to replace moist air with fresh air. Can be used with bathroom and kitchen exhausts. FIRE HAZARD: NEVER use Soffit Intake/Exhaust Vent with screen for dryer ventilation. Flammable lint build-up on screen can cause a fire. Always use a vent that is specifically designed for dryer applications.	The Hooded Exhaust Vent features snap-on installation and a concealed flap that stays closed when not in use. NOTE: 6" vent has a screen for use as an intake vent.

The Color of Brilliance

The colors of your home are an important reflection of your personality and taste. They make your family and guests feel welcome. Not only that, the right colors can improve the long-term value of your home.

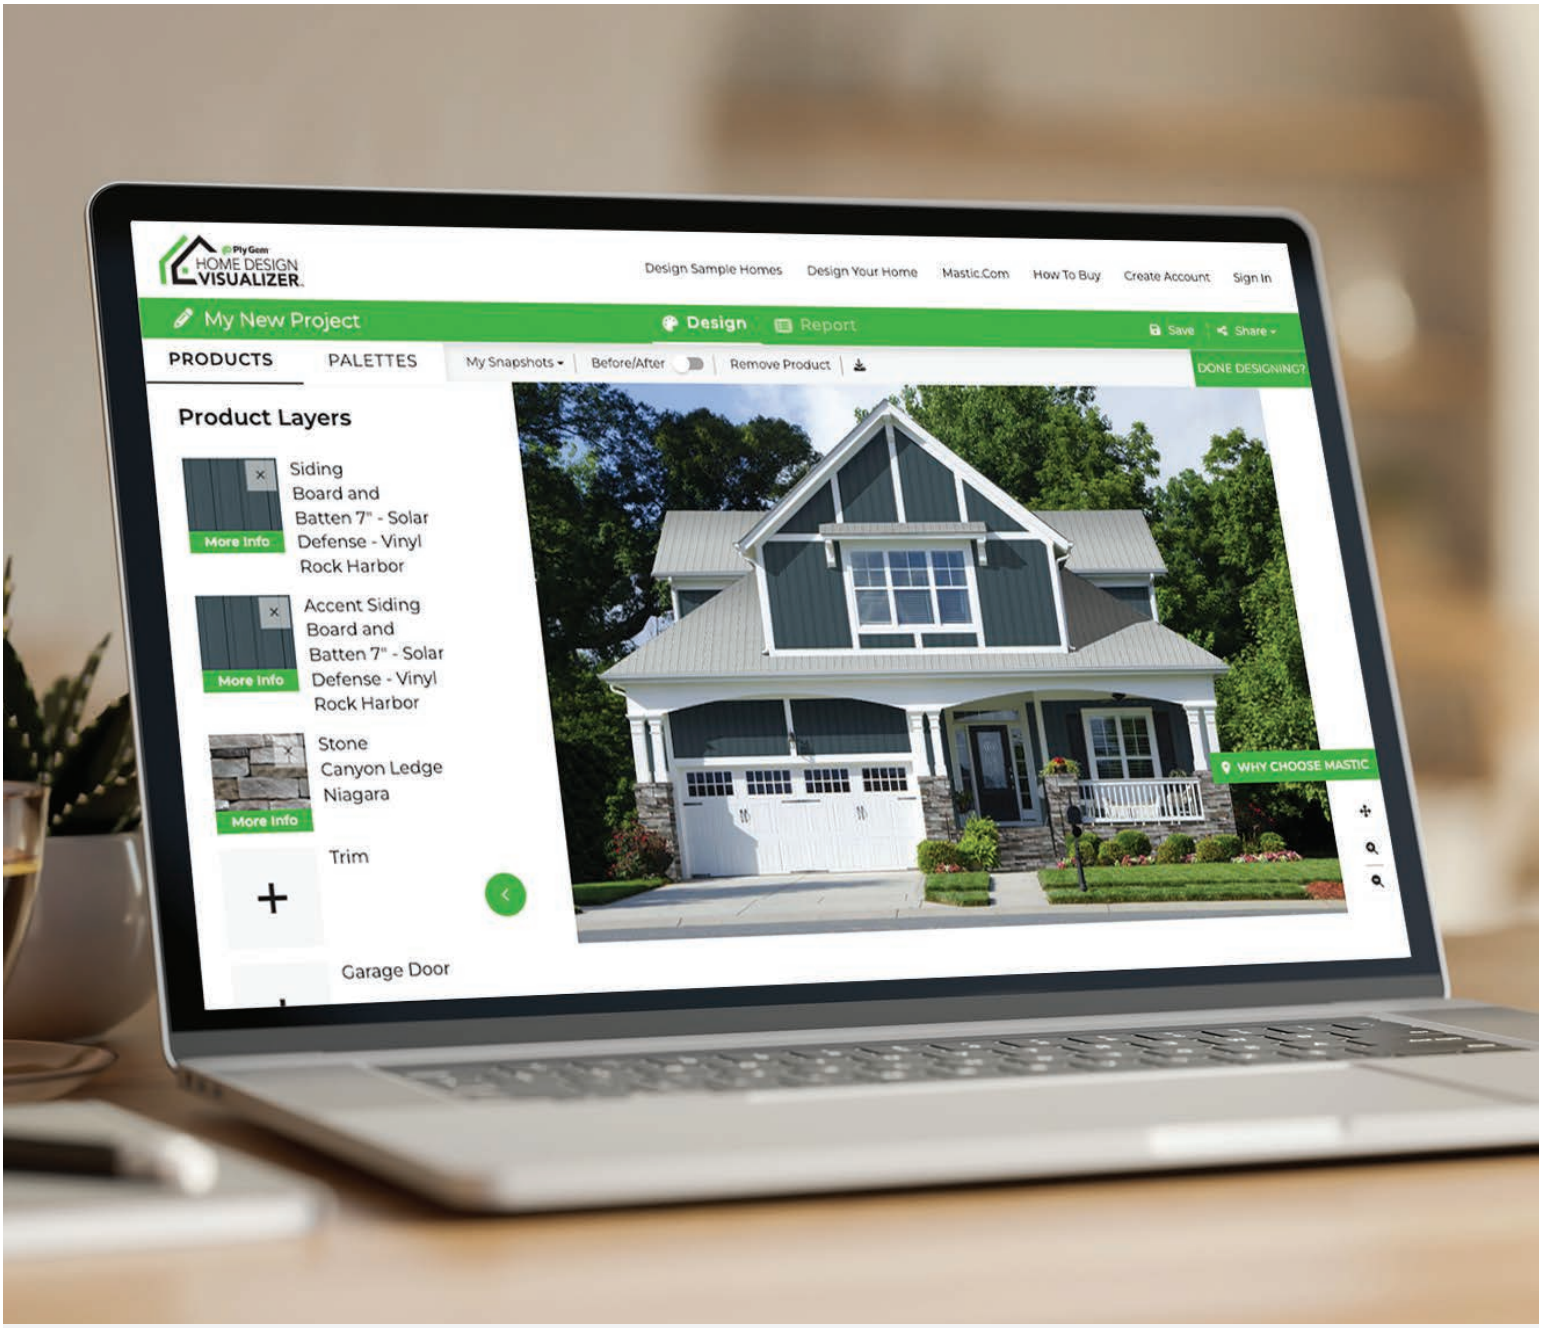

We understand how personal a color choice can be. So, we rely on color experts to help select the colors that are most attractive, desirable and flexible to use in exterior accessories. In fact, most of our accessories can be paired with over 100 different siding colors.

Not only that, our engineers went one step further to create colors that will last and last, blocking penetration from sun, wind and rain. Our colors will retain the fresh look of a new paint job, year after year. The result is beautiful fixtures that are virtually maintenance-free.

In addition, if you need a custom color, many of our exterior accessories can be painted to match the current color scheme of your home with a high-quality latex paint. It's the ultimate finishing touch to match your style.
